COMMISSION PROJECTS UPDATE

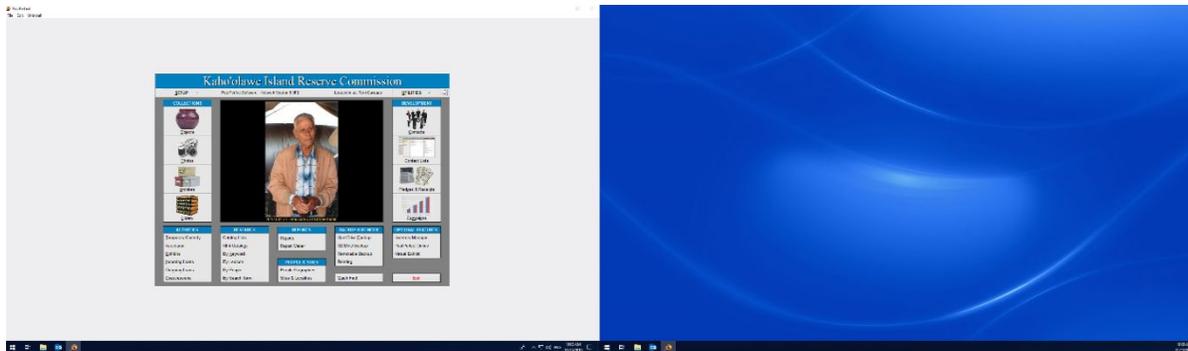

September 2020-March 2021

KIRC Virtual Museum-Stage 3: Collaborations & Special Collections

The Kaho'olawe Island Reserve Commission was awarded a grant of \$75,000 from the Institute of Museum and Library Services' (IMLS) Native American/Native Hawaiian Museum Services Program for this project on June 15, 2018. This two-year project runs from August 1, 2018 to July 31, 2021 and focuses on:

- 1) Reorganization of the KIRC Archive Room
- 2) Expansion of data in the KIRC Living Library database
- 3) Rehousing of part of the "Navy" special collection (Navy Collection)—a collection originally given to DLNR by the Navy and placed with the Maui Historical Society on loan in 1981; the KIRC acquired the collection in February 2011
- 4) Evaluation, procurement and installation of improved software for the KIRC Living Library resulting in an enhanced KIRC Living Library website

The KIRC has submitted a formal request for a no-cost grant extension to IMLS due partially to an unanticipated amount of required additional data which could not automatically be exported from the Museum Online database to the PastPerfect database and requires manual input. Additionally, the COVID-19 pandemic resulted in a delay in inputting required data into the PastPerfect database due to restricted access to the office. This request is still pending.

Tips for Searching

Keyword Search

The **Keyword Search** button allows you to perform a general search across multiple fields for any catalog records online. Keyword searches use OR as the default connector between words (e.g. a search for *Hanley Ranch* will return records associated with *Hanley OR Ranch*). If you want to find records where both keywords are found, type in AND between the two words. To search for a specific phrase, be sure to put the phrase within quotes (e.g. "Rocky Pine Ranch"). You can also use the asterisk (*) as a wildcard (e.g. a search for *histor** would come up with records containing *history, histories, historical, etc.*). Searches are not case sensitive.

Advanced Search

The **Advanced Search** button can help you be more specific with your search. You can search for a word or phrase within a particular search category or use multiple categories to further narrow down your search results. For example, searching *White* in the *People* field will bring up any records associated with a member of the *White* family, without having to sift through black & white photographs. You can also search *People* and *Creator* records through *Advanced Search*. Phrase searching with quotes and use of wildcards (*) are available in *Advanced Search*.

Random Images

The **Random Images** button is a great way to just browse the collection. Each *Random Images* page displays a random assortment of images from the records online. If something piques your interest, click the thumbnail to view a larger version of the image.

COMMISSION PROJECTS UPDATE

Navy Collection in original container

Rehoused Navy Collection

The sample for this grant project consists of 10% of this collection's approximately 2700 objects. Staff has completed processing and rehousing the sample and is now in the process of cataloging these into the PastPerfect database as well as linking digital images of them to this database. Staff is also continuing to input additional data in records already imported from the Museum Online database as well as linking digital images to those records.
