

RESTORATION ACTIVITIES

February 12 - 19, 2026

Grant Project: DOH 6 Kamōhio

- Pinned and established perimeters for all five vegetation plots
- Took initial photos of vegetation plots documenting conditions prior to restoration
- Conducted the initial vegetation plot survey using the Braun-Blanquet method

Volunteers: Four Seasons & Hana HS

- Added potting mix and stones to 'uala mounds at Mōiwi
- Planted pili and ma'ō seed on the hardpan in paper bags filled with gravel
- Collected and dispersed milo and kou seeds

Other Groups: DOFAW & Builders Without Borders

- Abe Puz from DOFAW assisted with repairs to the weather station
- Mr. and Mrs. Hanamaikai with Builders Without Borders worked with volunteers and discussed possible projects on Kaho'olawe that BWB could assist with
