

Executive Director's Report

*Kaho'olawe Island Reserve Commission Meeting
August 21, 2025*

Budget, Finance, and Funding

FY25 End of Year Expenditure Report and Budget Variance: See attached.

Variance report:

1. Ocean Program non-personnel expenditure exceeds the budgeted amount because the current budget does not reflect the additional Maui County Green's Grant fund received near the end of the fiscal year.
2. Restoration Program non-personnel expenditures are significantly less than the budgeted amount since the Department of Health Clean Water Grant was not awarded and implemented during FY25.
3. General Fund Carry-Over for FY25 indicates a balance of \$65K. This amount has been spent and will be reflected when FY25 is completely closed out and all end of year transactions have been updated in about two to three months.

Plans, Policies and Procedures

Long-range Scheduling: See the attached long-range schedule.

Administration, Staffing and Personnel

Commissioner Status Update: Commissioners Chock and Pang have taken their oath of office and are now members of the KIRC Commission.

Commissioner Pescaia's current term expired on June 30, 2025, but she still has more years available to serve on the commission and is currently a holdover until the next legislative session. KIRC staff and PKO representatives are working to submit a request for reappointment prior to the next legislative session.

KIRC Staff Status Update:

New Hire for Cultural Resources Project Coordinator: We have hired Leiokeko'olani Brown as the Cultural Resources Project Coordinator (CRPC). Lei is a trained archaeologist with a Masters in Heritage Management and a Bachelors in Anthropology from UH Hilo. She was the lead archaeologist at Pu'ukohola Heiau National Park where she managed their cultural resource management program, conducted archaeological surveys and managed their NHPA/NEPA compliance. She is an 'olapa of Halau o Kekuhi and a Kamehameha Schools Kapālama graduate.

Vacancy of Logistic Specialist position: The Logistic Specialist (LS) position is currently vacant. Our previous LS, Kalei Guth, has resigned. Staff is currently looking for a qualified candidate.

Capital Improvement, Reserve Operations and Logistics

Update on Base Camp Capital Improvement Project: Currently Dawson has four tasks under this project:

Task 1: Roof repairs and elastomeric coating: Materials have been shipped to Base Camp and work started during the February 2025 access. This project was completed in April 2025.

Task 2: Replace potable water distribution system: Half of the materials are on island, and the other half will be shipped to the boat house by the end of August. This task is currently scheduled after all the other tasks are completed.

Task 3: Install AC units: All materials have been sourced and are on order. Dawson HVAC technicians are planning to install the units during the September 2025 accesses.

Task 4: Building painting: A paint color was selected to repaint the exterior of the buildings. Based on contractor's recommendation and staff input, BEHR brand Harvest Brown was selected. Work is scheduled for the October 2025 accesses.

Dawson has prepared an electrical study of the camp's electrical distribution system and is currently preparing an estimate to utilize the remainder of the CIP funds for a systemwide electrical upgrade.

Update on Kihei Boathouse Expansion: NOAA awarded the KIRC a \$1,000,000, two-year grant for a Kihei Boathouse expansion project. The project consists of:

- 1) expanding both sides of the Kihei Boathouse to provide two covered boat parking areas with additional enclosed workshop/storage spaces,
- 2) building a covered pavilion within the vicinity of the boathouse and
- 3) constructing a comfort station attached to the pavilion.

The funding was transferred to the KIRC through an amendment to an existing DLNR Memorandum of Agreement. The KIRC staff are currently working with NOAA staff to determine the means of accessing these funds with the least risk to the KIRC Trust Fund regarding the current limitations on federal reimbursements.

Once completed, the KIRC will allow NOAA long term use of one of the boathouse extensions for their vessel. An initial Professional Services contract was awarded, last fiscal year, to develop conceptual renderings for the project and to develop rough cost estimates. The initial rough cost of all three items (boathouse expansion, pavilion and comfort station) exceeds the funding provided by NOAA. During the next phase, the KIRC staff will be working to further refine the initial cost estimates by determining what planning work can be accomplished by the new KIRC staff archaeologist and to research construction estimates once construction drawings are developed.

The KIRC staff, in partnership with our NOAA partners, will be seeking state CIP funding to match the federal funding to ensure completion of the project. The KIRC staff are currently working with DLNR Engineering to award a Professional Services contract to begin the design and planning phase.

SENATE RESOLUTION

REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO
PARTNER WITH THE KAHOO LAWE ISLAND RESERVE COMMISSION TO
COLLABORATIVELY IMPROVE AND FACILITATE THE CONTINUED
REPAIR, REHABILITATION, AND REDEVELOPMENT OF THE KIHEI
RAMP.

1 WHEREAS, the Kihei ramp is located in South Kihei on the
2 South side of Maui; and

3
4 WHEREAS, the Kihei ramp has been used by the South Maui
5 community to access the nearshore waters for recreation,
6 including fishing, diving, and other activities; and

7
8 WHEREAS, the Department of Land and Natural Resources has
9 established a program to collaborate with community nonprofits
10 to better administer state projects and manage facilities, such
11 as Haena State Park on Kauai, and to ensure that proper
12 attention is given to needed repairs and maintenance; and

13
14 WHEREAS, the Kahoolawe Island Reserve Commission regularly
15 utilizes the Kihei ramp for access to Kahoolawe and has plans to
16 develop a visitor center next to the Kihei ramp; and

17
18 WHEREAS, collaboration with the Kahoolawe Island Reserve
19 Commission can help the State leverage private investment and
20 support for the Kihei ramp; now, therefore,

21
22 BE IT RESOLVED by the Senate of the Thirty-third
23 Legislature of the State of Hawaii, Regular Session of 2025,
24 that the Department of Land and Natural Resources is requested
25 to partner with the Kahoolawe Island Reserve Commission to
26 collaboratively improve and facilitate the continued repair,
27 rehabilitation, and redevelopment of the Kihei ramp; and

28
29 BE IT FURTHER RESOLVED that certified copies of this
30 Resolution be transmitted to the Governor, Chairperson of the
31 Board of Land and Natural Resources, Administrator of the

1 Division of Boating and Ocean Recreation, Chairperson of the
2 Kahoolawe Island Reserve Commission, Executive Director of the
3 Kahoolawe Island Reserve Commission, and Mayor of the County of
4 Maui.

S.R. NO. 43
S.D. 1

I hereby certify that this is a full, true, and
correct copy of the original filed in this office.

Dated: MAY 21 2025

A handwritten signature in black ink, appearing to read "Liana Kamele", written over a horizontal line.
