Notice to Register

November 19, 2021

Dear Boater:

Thank you for respecting the waters of the Kaho‘olawe Island Reserve.

Prior to entering the Reserve waters, vessel owners must register their vessel with the Kaho‘olawe Island Reserve Commission (KIRC) and apply for a Right of Entry Permit for Permitted Trolling in Zone B.¹ Should you be interested in permitted trolling in Zone B of the Reserve on designated open waters weekends during the 2022 **calendar year**, please follow the instructions below:

To register your vessel for the 2022 calendar year, simply fill out the enclosed; 1) Right of Entry Permit Request, 2) KIRC Independent Vessel Release of Liability Form, and 3) **sign page 2** of the Open Trolling in Zone B Right of Entry Permit (**below the title “Permittee”**). Return these forms and your check in the amount of \$25.00 payable to the Kaho‘olawe Island Reserve Commission. Forms should be sent to Dean Tokishi, Ocean Resources Program Manager, at the above KIRC address. Once your paperwork is processed, KIRC will send you a 2022 KIRC decal for your vessel and a completed Right of Entry Permit. **Please allow for 10-15 business days for processing.**

Again, thank you for helping the KIRC to maintain the integrity of the Reserve. If you have any questions, please contact Dean Tokishi at dean.tokishi@hawaii.gov or by calling 808-243-5022 on Maui.

¹ Due to the continued presence of unexploded ordnance – dangerous to public health and safety – on Kaho‘olawe and its submerged lands and waters, unauthorized entry into the Reserve is prohibited. Four requirements must be met for open waters vessel activity: (1) trolling – making way at all times; (b) on KIRC-scheduled open waters weekends; (c) in Reserve waters deeper than 30 fathoms; and (d) for vessels registered with the KIRC. All other fishing, ocean recreation, commercial and/or any other activities are strictly prohibited. Failure to comply may result in criminal and civil penalties. Criminal penalties may result in a fine of \$1,000 or imprisonment up to 30 days; administrative penalties may result in a fine of up to \$10,000 for a first violation; \$15,000 for a second violation within five years; and, as much as \$25,000 for a third or subsequent violation within five years of the last violation [HRS §6K-8, 8.5].

Right of Entry Permit Request Permitted Trolling in Zone B

The Reserve consists of the island of Kaho'olawe and approximately two miles of ocean that surrounds the island. Vessel Owners must request a Right of Entry Permit, prior to entering the Reserve, for such activity that consists of trolling in Zone B of the Reserve on two weekends per month as scheduled by the executive director and noticed by publication in the Local Notice to Mariners issued by the Commander Fourteenth Coast Guard District. "Trolling" means fishing by dragging artificial surface lures or live bait on the surface behind a vessel that is under way at sufficient speed to produce a wake. **A Right of Entry Permit is valid for one calendar year, from January 1 through December 31, and must be renewed yearly.**
